

Buy a Lobster, a large live Lobster?

**A**N honest way it is as any,  
By Lobsters thus to turn the  
penny,

Altho' he sure had courage ample,  
Who first to eat them set th' example;  
Such ugly crawling speckled things  
The nice imagination flings;  
And yet, when boil'd, the beaut'ous  
sight,

Is sure to please, of red and white:  
With oil and vinegar's sharp pickle,  
And salt and pepper, how they tickle  
The sons of luxury, who think  
On nothing, but to eat and drink.
